Financing through issuance of securities

Application

If you effect deals in equity securities we can offer you:

- Financial consultation and investment intermediation upon initial and secondary offerings of equities and capital increases
- Investment intermediation upon registering equity instruments for trading on a regulated market (BSE)
- Investment intermediation upon execution of trade offers and repurchase of equities

If you prefer financing through offering of debt securities we can offer you:

- Structuring and intermediation upon corporate bonds' issuance in case of private and public offering
- Registration of debt instruments for trading on the BSE
